

INTRODUCING Weather-Resistant I SERIES

NEW MATERIALS

Fiberglass-Reinforced Cross-Linked Composite

- Non-Absorbent
- High Specific Strength
- Thermal Stability
- Guaranteed Not to Rot
- Extremely Durable
- High Impact Resistance
- Will Not Change Shape or Size
- Excellent Structural Stability

IMPROVED PERFORMANCE

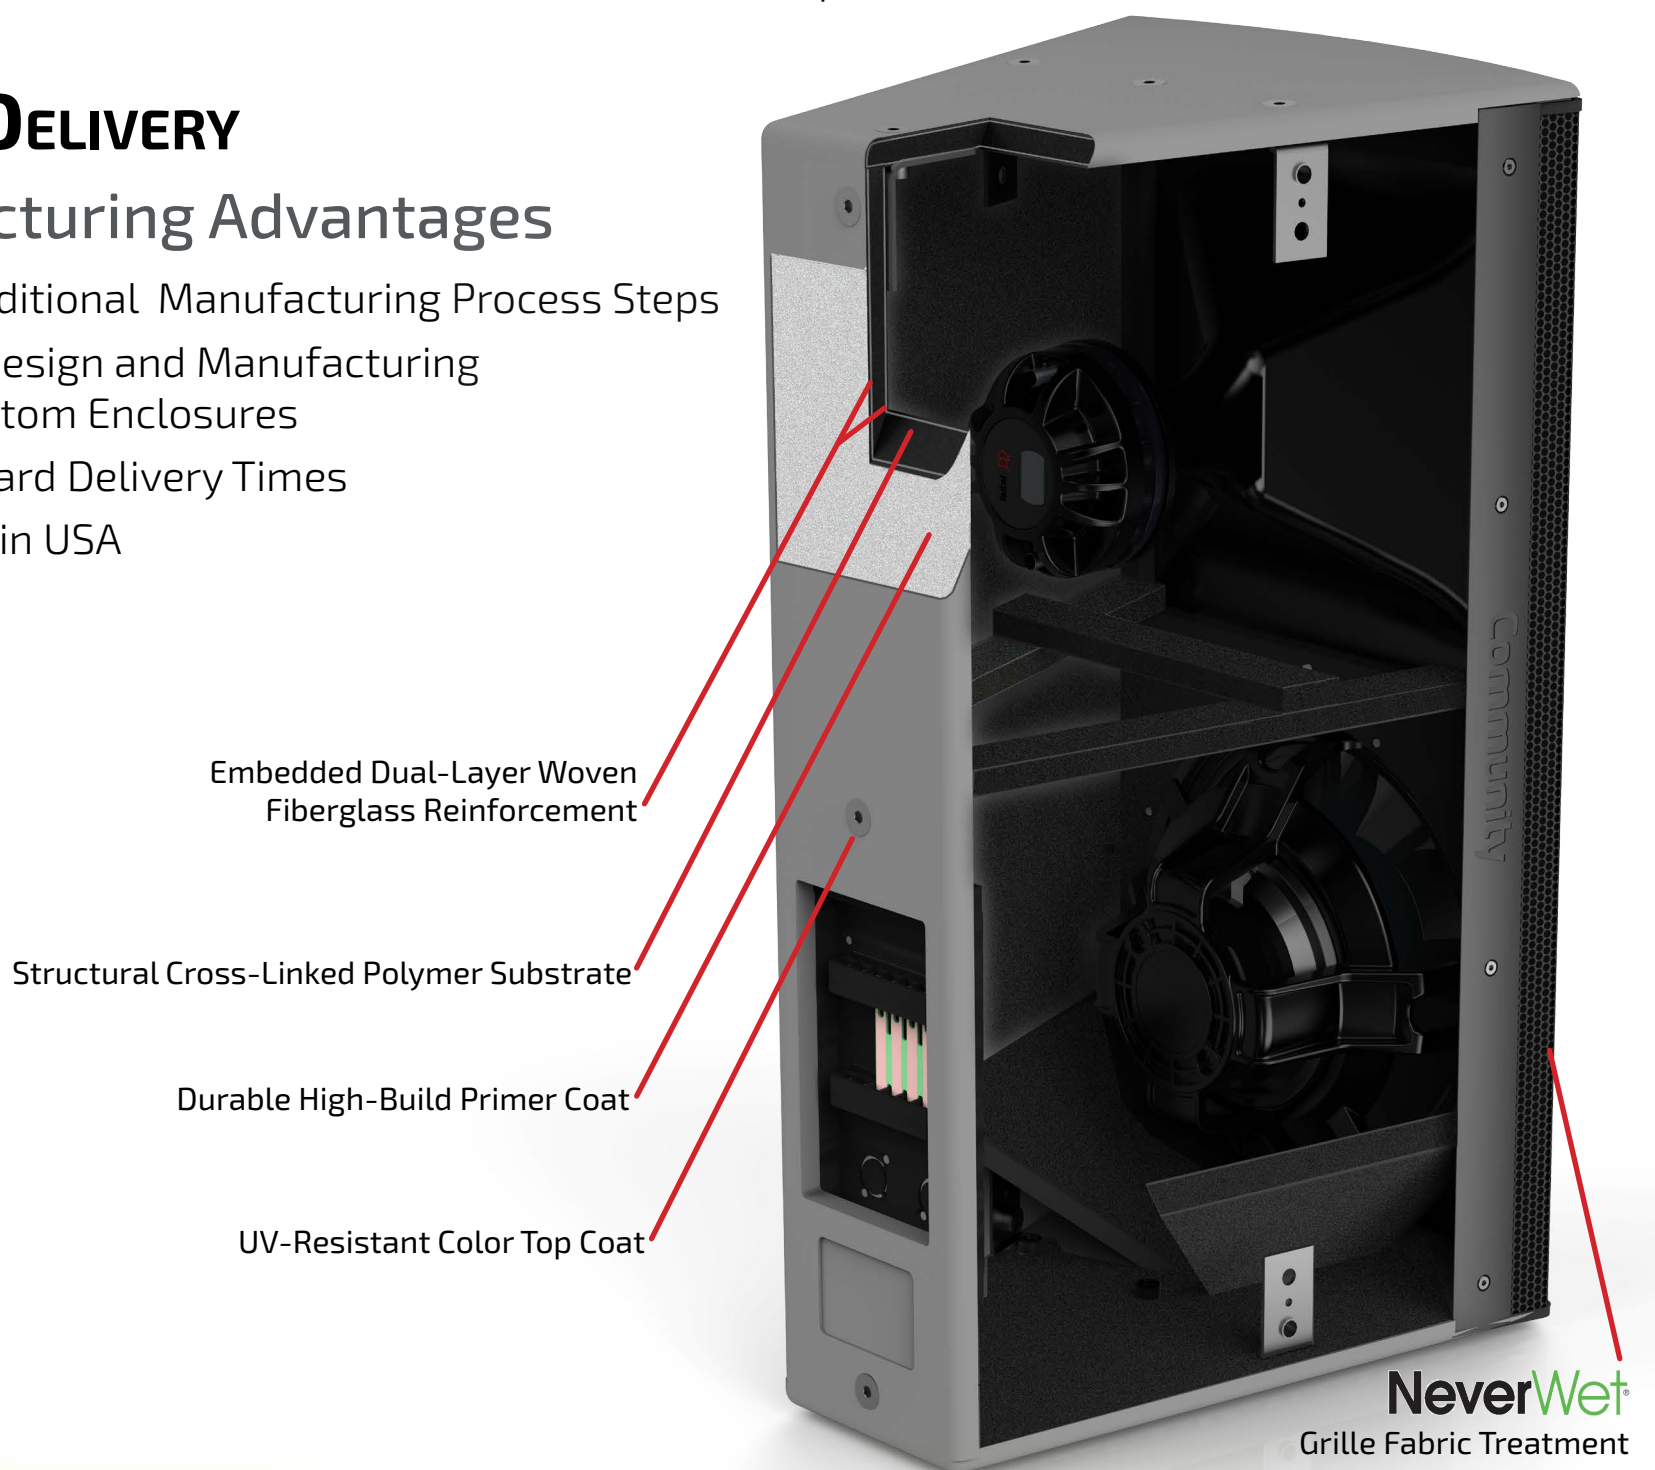

Advantages vs. Fiberglass-Covered Plywood

- Built for Lifetime Performance
- Will Not Crack or Split
- Non-Absorbent
- Lighter Weight
- Equal Acoustic Performance
- Equal Thermal Insulation

FASTER DELIVERY

Manufacturing Advantages

- No Additional Manufacturing Process Steps
- Fast Design and Manufacturing of Custom Enclosures
- Standard Delivery Times
- Made in USA

LEADER IN OUTDOOR LOUDSPEAKER INNOVATION
